Click on “Manage Ancillary Reviews” link on the activity bar:

Follow these steps in the Ancillary Review window:

- Press Add
- Select Organization or specify a person. See the chart for guidance.
- Select a review type.
- Select Yes unless this review is an FYI.
- These comments only appear in the email to the Ancillary Reviewer. These do not appear in the History tab.
- Do not upload attachments here. These are not included in the email to the reviewer and do not appear in the History tab. It is better to include attachments using the ‘Add Attachments’ activity.
- Click ‘OK’

After clicking ‘OK’ in #10, an email is sent to the person specified in #1 or the people associated with the ‘organization’ in #1. The email will come from CARAsupport@baylor.edu.

- Only the comments in #5 are included in the email.
- No attachments are included in the email.
- By including the comments in #8 and attachments in #9, it makes it easy for the ancillary reviewer to see, directly in CARA, why they are reviewing the proposal and any attachments they need to review, because those comments and attachments are included on the ‘History’ tab.
- The attachments in #9 are included on both the ‘History’ and ‘Attachments’ tabs. Note: that files attached here cannot be deleted from the Attachments tab.

How do you know when the ancillary reviewer has completed their proposal ancillary review?

You won’t receive email when an ancillary review is complete, but all ancillary reviews are listed at the bottom of the ‘Reviewers’ tab with their ‘Completed’ and ‘Accepted’ status.

Are ancillary reviewers automatically reminded to complete their proposal ancillary review?

The system does not send reminders, but you can use the ‘Send Email’ activity in the left navigation bar to send an email to remind the reviewer. The reviewer will receive the email in their Baylor email and the content of the email is recorded on the ‘History’ tab.
